MOOD:  excited

MUSIC: Andrew Bird - Anonanimal

Speaking of music, we're still on for Andrew Bird on Tuesday, yes?  
I don't have to scalp your tickets?

*I will become this animal  
Perfectly adapted to a music hall  
I will become this animal*

*Anomalous appendages  
A non-animal*

If you scalp my ticket I will haunt you. It'd be tough, me not being dead yet. But I'd find a way.  
(YaaaaayBirdTuesday!)

We need to get out more, you know that? (Also, people on flist saw previous shows, and are raving. Well, okay, everybody on my flist IS raving, or they wouldn't be there...)

Hey, I'm a workhorse, pumpkin. I get restless nowadays if I'm out of harness too long. =:+3

I always worry they might replace me if I get out of sight too long. I'm not sure Dad ever developed object permanence.

He's going to find another one of you?

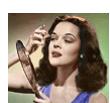

Also, he's more likely to come and drag you back.

We can still make it to the mothership if we run.

You know the remake is out in March, right?

Don't be silly, Platypus. Of course she knows. She has the Internet.

So does this friend in LV like Andrew Bird? Has the subject come up?

\*ducks\*

No, don't give away my ticket because I'm a creep and I tease you. T. and I are in, man. \*g\*

Never came up. Would you like to call her and ask? Maybe if she gets an early flight she can use your ticket....

Pbthpbthpbthpbth.

You are mighty, and I will stop lobbing in teaseballs because you're too good at lobbing 'em right back.

That's only because I'm feeling merciful. Innate superiority does that to a person.
